

## Great Basin Scientific Stock Symbol Reverts to GBSN

**Salt Lake City, May 5, 2017** - Great Basin Scientific, Inc. (OTCQB: GBSN), a molecular diagnostics company, announced today that its shares of common stock will be quoted under the symbol “GBSN” beginning today, May 5, 2017. The common stock was previously quoted under the temporary symbol “GBSND” on the OTCQB market as a result of the reverse stock split of its issued and outstanding shares of common stock that became effective on April 10, 2017.

### About Great Basin Scientific

Great Basin Scientific is a molecular diagnostics company that commercializes breakthrough chip-based technologies. The Company is dedicated to the development of simple, yet powerful, sample-to-result technology and products that provide fast, multiple-pathogen diagnoses of infectious diseases. The Company’s vision is to make molecular diagnostic testing so simple and cost-effective that every patient will be tested for every serious infection, reducing misdiagnoses, and significantly limiting the spread of infectious disease. More information can be found on the Company’s website at [www.gbscience.com](http://www.gbscience.com).

### Forward-Looking Statements

This press release may include forward-looking statements which involve risks and uncertainties, and which could cause actual results to differ materially. These risks and uncertainties include, but are not limited to: (i) our limited operating history and history of losses; (ii) our ability to develop and commercialize new products and the timing of commercialization; (iii) our ability to obtain capital when needed; and (iv) other risks set forth in the Company’s filings with the Securities and Exchange Commission, including the risks set forth in the company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2016. These forward-looking statements speak only as of the date hereof and Great Basin Scientific specifically disclaims any obligation to update these forward-looking statements, except as required by law.
